

Collections during road closures & adverse weather conditions

We will always try to collect your refuse/recycling on your normal collection day; however due to adverse weather conditions or road closures this is not always possible.

When bad weather/road closures occur we will still attempt to collect on the normal day or within the next **48 hours**.

If we cannot collect your refuse/recycling within this time frame, then on the next collection day, residents can put out:

Refuse

- Three extra bags of refuse with their refuse bin; **or**
- up to six purple bags of refuse (if the property receives a purple bag collection **instead of** collections from a green refuse bin).

Recycling

- Extra recycling will be collected throughout the year. Please check the waste policy below for details.

Updates on waste collection during adverse weather will be on our website.

Amber Valley Borough Council's waste collection policy

- Recycling and refuse bins must be put out with the lids closed.
- Extra recycling will be collected throughout the year. Mixed recycling must be put out in containers or bags. Please keep glass separate in a box. **No black bin liners please.**
- Refuse bins will not be emptied if they contain: building waste, soil/turf, paint, car batteries, tree roots/branches over 7cm wide.
- Bins/Bags should be available for collection from **6.30am**

Please report missed collections by 12 noon on the next working day.
